THE MAN BEHIND THE FREQUENCY

Charlotte-based DJ, curator and independent radio personality.

DJ'Erroganze is a Charlotte-area DJ, curator and radio personality building a sound that moves between multiple generations and global music cultures. His approach is built around more than playing records: every set is programmed as an experience, connecting eras, cultures and audiences without losing the energy of the room.

As the resident voice and frequency controller behind KVMJ Charlotte HOTT Radio and the Beast of Blendz platform, DJ'Erroganze uses mixes, radio programming and independent-artist promotion to connect Charlotte with listeners well beyond the Carolinas. His signature message is simple: From Charlotte to the World.
